PROFESSIONAL SUMMARY

Sales and operations professional with experience across automotive sales, service-center management, CRM, customer relationship management, digital marketing, and process automation. Builds practical systems around real operational problems—using CRM dashboards, Meta Ads reporting, AI-assisted analysis, messenger workflows, and n8n automation to turn incoming data into actionable workflows and clearer operational decisions. Combines frontline customer and sales experience with hands-on system building.

PROFESSIONAL EXPERIENCE

CT Citimotors Las Piñas Corp. | Sales Executive | December 2025 – Present

- Handle automotive sales inquiries, customer follow-ups, vehicle presentations, quotations, and sales coordination.
- Manage customer conversations and follow-up activities using CRM and digital tools.
- Support digital marketing and Meta Ads activities through customer-focused content and campaign monitoring.
- Develop practical CRM dashboards, customer-communication workflows, reporting tools, and process automations based on recurring sales and service needs.

Carclare Service Center PH Inc. | Area Service Manager – South Luzon | 2024 – 2025

- Managed service-center operations, service quality, productivity, and customer-service coverage across assigned locations.
- Worked with CRM and after-sales service-management processes covering customer records, repair workflows, warranty and service activities, and operational tracking.
- Monitored KPIs, coached service personnel, and supported staff training and performance improvement.
- Handled operational troubleshooting and customer-service issues while maintaining service standards.

CT Citimotors Las Piñas Corp. | Sales Executive | 2023 – 2024

- Handled vehicle inquiries, customer follow-ups, product presentations, and sales activities.
- Assisted customers with vehicle selection and supported the vehicle purchase process.

Esquiretech Corp. | Service Center Supervisor / Service Engineer | 2019 – 2022

- Handled technical diagnostics, repairs, service-center operations, and service personnel supervision.
- Supported repair activities, service records, customer service, and operational requirements.
- Provided technical training and supported service-quality and operational improvements.
- Recognized as Top 2 Service Engineer — Huawei PH and Top 1 Service Engineer — Esquire.

Toho Precision Mold Inc. | Machine Operator | 2016 – 2018

- Operated CNC and conventional machines including Fanuc, Sodick, and Makino equipment.
- Performed machining, preventive maintenance, troubleshooting, and production support.
